Portfolio: <https://siraj-lk.vercel.app/>

Linkedin: [linkedin.com/in/siraj-lk-](https://www.linkedin.com/in/siraj-lk-)

I'm a passionate Full-Stack Developer with over 3 years of hands-on experience building scalable, high-performance web and mobile applications. I've worked on a wide range of projects including e-commerce platforms, food delivery apps, and social media clones (like Instagram and Google Play), delivering both frontend and backend solutions. From building seamless user interfaces to architecting robust database systems, I specialize in creating smooth, engaging, and user-focused digital experiences.

## Professional Experience

Nexum solutions

### Full stack developer intern

- Build a system for university (student admin , instructor portal)
- Manage database for the system
- Managing the back end and front end of the project
- Testing and insuring every thing works well
